LEHMAN WINS WHEN MOTORIST SPRINTS AWAY FROM CRASH

Pomona Man Figures in Accident, Then Runs as Officer Arrives

RACE THROUGH GROVES

\$50 Fine Given by Judge Crane on Reckless Driving Charge

While Uplanders were busy yesterday with the Thanksgiving turkeys, C. S. Lehman, traffic officer, was busy in a footrace after one of the holiday celebrators, the sprint leading through the Stewart citrus grove and other citrus groves from Euclid at Eleventh street over a winding route to San Antonio avenue.

The fact that John Daugherty of Pomona spent the afternoon in jail and appeared in court this morning is evidence that the speeding cop was feet-footed enough to accomplish his purpose in running.

He was fined \$50 by Judge Geo. Crane this morning.

Daugherty's car was turned over on the west driveway of Euclid just below Eleventh street. Before many seconds had passed, Lehman was on the scene. When the Pomonan saw the officer coming he struck out as fast as his drunken body could carry him.

He was arrested on a charge of reckless driving while under the influence of intoxication.

Before the chase, Daugherty was slick in a newly pressed suit of clothes. The chase, just after the rain, through the mud of the citrus groves didn't help the pressy and gave the suit a smurky, muddly appearance.

FATHER AND SON BANQUET DEC. 5

Men and Boys of Methodist Church Plan Program For Event

Friday evening, Dec. 5, is the time selected for the annual Methodist father-and-son banquet and plans being made for the affair give promise of making it one of, if not the best of these yearly events.

The dinner will be held in Crowell hall, beginning at 6:30 and will be served by the Ladies Aid society, which means an excellent meal will be enjoyed by the boys and their dads.

The program is one that should be a drawing card for the men as well as the boys. George C. Foote, well known local magician, will show just how easy it is to perform some miraculous feats and an interesting talk will be made by Rev. George Cocking of Riverside. These are but two of the several features planned for the evening.

Accidents Mar Day For Local Autoists

Several accidents spoiled the record of the automobile blotter in the Upland police department over the holiday and preceding Thanksgiving.

Oscar Frantz's machine turned over at noon yesterday while he was driving on Highland avenue and Ramona avenue. His car skidded, resulting in considerable damage to his blue roadster.

John Bridenbaugh figured in an accident at Euclid avenue and Tenth street. He was driving south on the avenue and a machine driven by Winzer Henderson, Ontario, was going west on Tenth street, according to police records. The machines clashed, with slight damage.

Foothill boulevard was the scene of a crash between cars driven by C. H. Pifer, Ontario, and William Robertson, Claremont. Mr. Pifer was driving north on San Antonio avenue and turned west on Foothill. Robertson was going east on the boulevard when the two machines hit. No one was injured.

Near the same location on Foothill as the Pifer-Robertson meeting, two cars driven by Merriam Moore, Pasadena, and John J. Friel, San Francisco, bit, with damaging results to the machines.

VILLAGE GOSSIP

By the Old Gray Mayor

Wherever he goes, man's friend, The Dog, always gets a hand. Even in the city's streets, among steps hurried by the struggle for existence, a path is made for the frowny faced Pooch who trots his way to some destination of his own with little concern for the orderly confusion around him.

Foker faces lose their lines, smiles appear. A moment's pause, a pat, a word of good cheer and the tension of business is relaxed and refreshed by a friend whose loyalty is unquestioned and who wants to better reward than humble appreciation.

Cheerfully yours,

Hiz 'Onner

Egbert Adams Will Leave So. America Within Short Time

Egbert Adams, son of Mr. and Mrs. C. D. Adams of Mountain avenue, will soon be heading homeward from South America, where he has been for several months on a commercial expedition for the Los Angeles chamber of commerce.

He had hoped to be here with his parents for Christmas, but his schedule now will bring him home a few days after the holiday, according to his father.

UPLAND EXCEEDS RED CROSS QUOTA

More Than 500 Persons Join During Annual Membership Roll Call

The Red Cross wins! Thanks to the generosity of the residents of Upland plus much hard work, persistence and courage on the part of the local members of the campaign committee, the membership campaign committee, the quota of 500 members allotted to Upland by the national headquarters has been reached and exceeded by ten.

This was the welcome news announced Wednesday by the chairman of the local chapter, Mrs. W. B. West, after she had received final reports from Mrs. Jesse Monroe, chairman of the campaign committee.

Thus Upland has maintained its reputation, but as much as that means to the pride of the town, it is of much less consequence than are the benefits that will be derived from the money secured. One-half of the sum will remain in the treasury of the local chapter to be used in local welfare work, while the other half will go to national headquarters to be used in the nation-wide relief work for which the organization has become so well known.

This is not the first time Mrs. Monroe has successfully directed Upland's annual roll call and her efficiency is largely responsible for the completed quota. However, she had able assistance in willing workers and enthusiasm of the chapter chairman, Mrs. West, and in the interest stimulated by Mrs. Bess Grisham's generous prize offered to the organization securing the most named. Then in the closing days of the campaign, when for a time it seemed the quota would not quite be reached, Mrs. R. C. Norton added determination to her contribution of hard work and inspired the others to fresh efforts, with triumphant results.

Mrs. West is jubilant over the success of the roll call and wishes to express her thanks to all who manned the tables and who subscribed. The checking of names will be completed and published Tuesday when the winners of the prize will be announced.

Community Service Attended by Many

With all the pastors of the city present and members of each congregation making up a splendid attendance, notwithstanding the rains, the community Thanksgiving service held yesterday at the Upland Presbyterian church was an inspiring one.

The Rev. B. M. Books, pastor of the Brethren in Christ church, delivered an excellent sermon and special music was furnished by the Presbyterian choir.

The offering amounted to the ac-

CITRUS SCHOOL TO SEE MANY GROWERS UNITE NEXT WEEK

Short Course Opens Monday With Large Attendance Expected

DEAN BOOTH IN CHARGE

Harold Merchant To Be One of Speakers; Will Last Five Nights

Citrus growers of Upland and community will go to school next week.

Annual citrus short course at Chaffey will open at 7 o'clock Monday night and continue every night until Friday night, with outstanding authorities in the citrus activity scheduled as speakers on the program.

Indications are that more growers than last year will be present for the addresses and reports on experiments. Two hundred were enrolled a year ago, according to Dean Charles J. Booth, who is in charge of the special event.

Harold J. Merchant of Upland will appear on the program in a lecture on "Studies in Soil Nitrates."

Following is the complete program:

December 1
7 to 8:30—"Checking up on Scale Control," and "Some Recent Developments in the Inspection Work of the Agricultural Commissioner," by H. J. Ryan.

December 2
7 p.m.—"Tank Mixture Method of Spray Application," by Ralph H. Smith.

8 p.m.—"The Entomologist Abroad," by H. J. Quayle.

December 3
7 p.m.—"Investigations in Scaly Bark Control," by H. R. Stanford.

8 p.m.—"Recent Developments in Forecasting and Heating," by Floyd D. Young.

December 4
7 p.m.—"Studies in Soil Nitrates," by Harold Merchant.

8 p.m.—"Fertilizer Recommendations," by Charles J. Booth.

December 5
7 p.m.—"Cost Studies in Orange Production," by F. O. Wall-schlaeger.

MEXICAN SCHOOL PROGRESS CITED

Enrique Gutierrez Tells Chaffey Teachers of Great Changes

Chaffey teachers know more about Mexico and its problems and the progress being made in the southern country in education as the result of the effective and convincing address delivered by Enrique Gutierrez, Mexican educator, who spoke at the teachers' institute at Chaffey Wednesday afternoon.

In 1922, he said, there were 2600 schools, now there are 7500 schools. Character of the persons is one main item of consideration and not school degrees when teachers are employed for the Mexican system, the visiting speaker pointed out. More men than women are teachers and the majority of the instructors have had about four years of elementary school study, he said.

Schools are maintained not so much for the "three R's" but for the opportunity of reaching the mass of people and training them to improve themselves in their own sphere of life, such as farming, mechanics or home making.

The educational leaders vision the possibilities of the country and the school children were looked upon as potential school leaders, who some day would lead their homes and communities into a greater enjoyment of the modern age.

He discussed the problems from the standpoint of racial diversities, explaining that 75 per cent of the stock are Indians and the remainder a mixture of Indian and Spanish.

One of their most effective governments is the municipal organization. It is like a village government, when occasionally meetings are held and the townspeople meet to discuss and decide on the main problems of the community.

Songs and yells and stunts; 2,000 young people joyously speeding their team on its way to the big adventure in far-away Hawaii; parents with just pride

City To Be Bright With Lights; Christmas Opening December 10

Striking in its decorations and bright in the Christmas tree lights, Upland will be a beautiful and more attractive city than usual early next month until after Christmas as the result of plans being presented to the merchants and many residents by the chamber of commerce.

Dec. 10 will mark the turning on of lights on the Christmas trees in the business section. This will mean more than just the formality of turning a switch. Santa Claus in all his glory and with his usual big bag of presents for the kiddies, will be here, of course. Something more, however, is being planned and indications are it will be an event long remembered by the young and the grown-ups.

Every part of the business section on Second avenue from A to D streets and Ninth street from First to Third avenues will be bright in Christmas colors and gayly decorated. Under the direction of the business men's committee of the chamber, arrangements for the opening and the decoration are being made.

Clair E. Kirk, chamber secretary, has written to local organizations suggesting to its members that living Christmas trees be lighted. Last year, nearly 50 trees throughout the Upland district were beautifully lighted and were the objects of much interest and comment.

As a means of encouraging the conservation of trees and to add more distinctive light during the holiday season, residents are being urged to plant a Christmas tree and light it up from year to year.

Upland was one of the first cities in the citrus belt to light its business district and now this custom has grown to include most of the communities. Upland is still the leader, however, in lighting up the community by the decoration of the living Christmas trees.

Many are urged to light up trees this year. Mr. Kirk said that Dec. 20 has been set as the time for lighting the living trees and the light is to burn nightly until Jan. 2.

BUILDING PERMIT PROSPECTS BRIGHT

November Total Is \$7850, But December Activity Will Be Greater

Building permits in Upland during November up until today totaled \$7,850, it was revealed in a compilation of figures at the city building department, and indications are that the year's final month will set the 1930 record.

At least two buildings with large totals are expected. H. G. Eckstein is receiving estimates of the cost of construction of a beautiful home on Euclid near his present residence, and P. G. Peterson will start the construction of the proposed building for the Ford dealer, Lisle W. Reinhold company at Ninth street and Third avenue. Both of these structures will boost the building permit totals to more than \$100,000, it is believed.

Other residences are being contemplated, which will aid in ending the year with an encouraging building total.

Following are the names of persons obtaining permits for structures during November:

Thomas Warner, addition, \$150; Antonio Espino, garage, \$100; F. C. Thomas, addition, \$150; Mrs. R. Maxie, addition, \$500; H. Anderson, addition, \$200; J. R. Pennuck, garage, \$100; Enos Leaman, addition, \$450; and Wiley W. Mather, residence, \$6,000.

Mr. and Mrs. H. F. Manker had as their dinner guests their sons and families, Mr. and Mrs. C. Wm. Manker and son Courtney, of San Marino; Mr. and Mrs. Robert Manker and Marilyn, of Temple City; Mr. and Mrs. Hubert Manker and Shirley. During the afternoon, in celebration of the wedding anniversary of Mr. and Mrs. Robert Manker, Mr. and Mrs. Chas. V. Benson and family and Mr. and Mrs. Robert Kidney and family of Ontario came in for a visit.

Seen From a Chaffey Window

By One of the Faculty
For classrooms and corridors crowded with young folks bubbling over with enthusiasms and high aspirations, Chaffey is thankful.

For the finest board of school trustees in the state of California; for men who give their time unstintingly in service to the community, Chaffey is thankful.

For a principal who through 20 years of service has made character, sympathy, scholarship and service foundation stones in our schools, Chaffey is thankful.

For football teams that have played the game like men, and have made outstanding records on the football field during the season just closing, Chaffey is thankful.

For a community that believes in education; a community that has made possible the Chaffey that has drawn hundreds of other fine citizens to the district, Chaffey is thankful.

Songs and yells and stunts; 2,000 young people joyously speeding their team on its way to the big adventure in far-away Hawaii; parents with just pride

WIND FALL FRUIT NOT TO BE SAVED

Immature Oranges Would Bring Loss if Handled as By-Products

Oranges on the ground as the result of the recent windstorm will not be picked up and sent to the by-products plant at Ontario, due to the net loss that would result, according to bulletin issued by H. S. Bailey, manager.

The immature fruit would not produce enough by-products to pay for the handling, in fact a loss of several thousand dollars would result in the belief of the by-products board of directors.

The wind of a week ago was earlier in the season than was the wind of several years ago when the fruit was salvaged and sent to the Ontario plant.

In the opinion of Harry B. Harlowe, manager of the O-K exchange, the loss of fruit by being knocked from the trees, was very small. He said the organization would do everything possible to save the fruit, if it would return anything to the grower.

Darwin Brest Plays With Fractured Bone

Darwin Brest, son of Mr. and Mrs. G. A. Brest, suffered a slight fracture of a small bone of the pelvis more than three weeks ago and since then has played in two Chaffey football games, it was revealed by an X-ray at the San Antonio Community hospital this week.

Injured at the time of the fracture, Brest was slightly handicapped for awhile, but thinking nothing of the injury he continued. The pain lingered and finally he went to the hospital for examination, when the fracture was revealed.

HEAVY RAINFALL DRENCHES VALLEY; BENEFITS CITRUS

Storm Visits Southland on Thanksgiving Day and Is Welcomed

UPLAND'S TOTAL IS 1.44

Heavy Snow Falls in High Places With Hard Rain at Camp Baldy

Adding another good and sufficient reason for general thanksgiving in the Upland territory as well as throughout the southland, a fine rain starting Wednesday night and continuing until this morning brought bountiful moisture to the mountains and the valley.

Almost an inch and a half of rain fell here during the storm, the record as kept by J. R. Johnston on Twenty-second street showing:

Storm	Season	Last Year
1.44	4.11	.51

It will be remembered that during the months of November and December of last year there was no rain at all, so that in comparison the record for this season is showing up splendidly.

While there were a few expressions of regret that the weather man selected Thanksgiving day for the rain, still it was generally agreed that they were "showers of blessings" and there was small interference with Thanksgiving dinner plans.

Among citrus men the opinion was prevalent that the rain will aid in increasing the size of the oranges and also practically offset whatever damage was caused through the loss of leaves in the recent windstorm.

Heavy rains were reported in the mountains with considerable snow in the higher areas, though no snow fell in the Camp Baldy region, according to a report from there this morning.

Elsworth Martin of Los Angeles, brother of Mrs. Ethelbert Foster, was a Thanksgiving day guest at St. Mark's rectory, where Mr. and Mrs. Foster are visiting with their parents, Dr. and Mrs. Bert Foster.

TELEPHONE RATES GO UP ON MONDAY

Increase Granted Local Firm Becomes Effective on December 1

It doesn't cost so much to talk today as it will on Monday.

The increase in telephone rates granted the Ontario-Upland Telephone company become effective Dec. 1 and at that time the phone bill will take on a different figure.

The new rates are to be on trial for one year and if it is found that the company is making 7 per cent, it is expected they will be allowed to remain.

One feature of the new rates is that a discount of 25 cents will be allowed if the statement is paid by the fifteenth of the month.

Dr. Kiewer Unable To Hold Meetings in Upland Is Word

The Deeper Life series of meetings, scheduled to be held at the Mennonite church beginning Nov. 30, has been indefinitely postponed because of the inability of Dr. J. W. Kiewer to come to California, according to an announcement made this morning by the Rev. A. J. Neuenschwander, pastor of the church.

Dr. Kiewer, president of Bethel college, in Newton, Kan., was to have toured the Mennonite churches of the Pacific coast district. In a telegram received by Mr. Neuenschwander, Dr. Kiewer states he has been compelled to cancel his California trip for the present and that a letter of explanation is being mailed.

Miss Pearl Dushinske of Laguna Beach returned to her home this morning after spending the Thanksgiving holiday with Mrs. Stella Baffle on Eighth avenue. Mrs. Baffle also had as dinner guests her parents, Mr. and Mrs. A. C. Wilson of Grove avenue, Ontario.

Help Wanted Ads Will Be Published Free In The News

The Upland News will publish without cost any advertisement offering local persons employment.

If there is gardening, cleaning, laundry work or labor of any kind to be done, The Upland News will gladly use its classified advertising section to bring the work and the work-seeker together. Any person having any work to be done, can call Upland 29 or call at the office of The Upland News and say: "I have a 'help wanted' ad for your free employment column." The advertisement will be published free.

This is done in order to assist those in the Upland district who are seeking employment and to encourage the people of this citrus district to furnish such employment.

Attention is called to the fact that The Upland News will not publish free advertisements for salesmen, or for employment on a commission basis or for solicitors.

Through the efforts of the Upland chamber of commerce, approximately 50 persons have been given employment or promise of work in the future. The Upland News offer of publishing "Help Wanted" advertisements free will in no way conflict with the splendid service being rendered by the chamber of commerce, but will augment the campaign to bring work and willing workers together.

STUDENTS ADOPT GOVERNING PLAN

Merit System in Force at Junior High School as Aid to Student Conduct

Students of the Upland junior high school have organized for themselves a merit system, with merits added or taken away as their conduct, attention and participation in school affairs warrant.

Started during the first semester, the merit system is an experiment here, but has been used by many junior high schools throughout the southland. Fremont junior high school, Pomona, has the system, from which the local merit system was largely copied.

The plan was adopted on the vote of the students themselves, and it is being watched with interest by school authorities in the Chaffey district.

The plan calls for two separate organizations, the student council and the student traffic patrol.

Thirteen students are on the governing board of the student council—one representative from each of the "home" rooms and the president and vice-president of the student body, president of the girls' league and chairman of the school program committee.

By a "home" room is meant the room which the students go to for their first class of the day.

The safety committee is composed of nine members, a chairman elected at large by the students, and one representative from each "home" room. There are eight "home" rooms. Members of this committee patrol the halls between classes and assist in keeping order. Members of the patrol are Eddie MacLean, Marjorie Davis, Jack Atwood, Mary Louise Jackson, Paul Smith, Ralph Hames, Dorothy Walsh, John Meek and Howard Roberts. Mr. Roberts is chairman.

At the beginning of the plan, each student was given 100 merits—and by proper conduct and fulfillment of all duties, 100 additional merits may be won during each semester.

Merits are won by not being tardy, absent, by not losing more than five merits, and for general progress in work.

Merits are lost by disobedience in school, the teachers determining when merits are to be deducted.

On the student council are Newman Draper, Eddie Belevins, Dorothy Hendy, Shuler Williams, Louis Wattenberger, Hazel Myers, Marie Staples, Jerry Nichols, who are representatives of "home" rooms and Helen Weber, president of the student body; Alan Bovee, vice-president; Harold Randle, program chairman; Dorothy Cameron, president of the girls' league and Madelyn Knoll, secretary of the league.

VARIETY OF SCOUT WORK IS SHOWN AT EXPOSITION TODAY

Upland Troops Strong Contenders For Awards in Ontario

FOUR PRIZES ARE GIVEN

Snakes and Dining Room Set Are Included in Tent; Ends Tomorrow

Almost everything from rattlesnakes to a wood-carved miniature dining room set are on display in a large tent at "A" street avenue, Ontario.

Under the brown covering of the canvas shelter is the greatest variety of exhibits ever entered in the annual Boy Scout merit badge exposition and outstanding among the entries are those from Upland, Alta Loma, and Etiwanda district.

Twenty-two troops from the Old Baldy council are entered in the exposition and the place was today about the busiest in the citrus district. Competition is keen among the troops for the division and sweepstake prizes.

Winner in past years, Upland troop No. 3, under the leadership of Paul F. Schowalter, was again after the honors with a wonderful exhibit of metal articles made by the boys in their study of metal craft. Certain work is required of scouts to receive merit badges in their advancement and in preparing for this event, 18 out of 24 boys won their metal craft merit badges. The tests for the merit badges were passed before Archie L. Moore yesterday.

CHAFFEY CONCERT ON DECEMBER 12

First Appearance This Season of Popular Orchestra Planned by Fred Wilding

An announcement of interest to hundreds of people throughout the Chaffey district who enjoy the excellent programs given each winter season by the Chaffey concert orchestra, was made this morning by Director Fred Wilding, who named Friday, Dec. 12, as the date for the first concert this year.

Mrs. Shirley Shaw, a recent valued acquisition in the musical life of the West End, will be the vocal soloist, and those who already have heard Mrs. Shaw sing know of the very enjoyable contribution she will make to the orchestra program, which will be an excellent one.

This concert, as are all the programs given by the Chaffey orchestra, will be free and a cordial invitation is extended the public.

Ninth Graders Give Thanksgiving Event

The ninth grade class of the Upland junior high school presented a Thanksgiving program on Wednesday.

Howard Roberts, ninth grade class president, was chairman. Those taking part in the program were as follows:

Alan Bovee, "The Meaning of Thanksgiving,"
Dorothy Cameron, "The Landing of the Pilgrim Fathers in New England,"

Evelyn Bailey, "1620-1920,"
Anna Ricci, "Hymn,"
Jerry Nichols, "100th Psalm from the Bible,"

Virginia Putnam, "A Boy and His Thanksgiving Stomach,"
Rosalea Shell, "Neddie's Thanksgiving Visit,"

Pansy Warner, "Thanksgiving Fable,"
Sadako Nagasaki, "Thanksgiving Day,"

George Prough, "History of the Turkey,"
Helen Ruth, "Every Day is Thanksgiving Day,"

Elbert Lindsey, "Every Day's Thanksgiving,"
William Hawkinson, "The Pilgrims Came,"

James Beitzell, "Thankful Time,"
Harold Randle, "Lily's Thanksgiving,"
Madelyn Knoll, "The Twilight of Thanksgiving."

Ain't It Dull For the Kids

We just got to thinking it might not be a bad idea if the kids of today knew what a tough (1) time they have in comparison with the days when Dad and "Mom" were young.

In those "good old days" there wasn't an automobile or two in practically every family. It was even the exception if there was a horse and buggy in the family. Many of the young folks of today can't even remember what a livery stable was like, but in those days when most everyone walked to and from school, church and every other place in town it was a real event when a team was able to "take his girl buggy-riding" or have a rig for the day to go to some doin' in a neighboring town—and you could hire the team and carriage for three or four dollars a day. But that amount of money then was no small amount—it was "laying on the dog good and plenty."

Those were the days before there was a moving picture show in every small town and there were few in the large ones. And when the movies did come in the customary price was 5c and 10c. Then they showed only one or two nights a week.

There weren't so many places to go that you couldn't possibly make the rounds, either. You couldn't throw the switch and turn on the light—for the home with electric lights was the exception. And the lack of electricity meant there were a lot of other conveniences of today that could not be had at that time.

If you happened to live on a farm you didn't get to town several times a week, but it was something to look forward to—a trip to town.

There wasn't a radio in most every home when dad and "Mom" were "going together" either. In fact, such a thing as a radio had not been dreamed of yet.

But ain't it awful what our sons and daughters have to endure these days! They spend more foolishly in a week than dad and "Mom" did in months. The county fair once a year was a real treat for them, but now it's terrible if the boys and girls can't go to the movies several times a week, take in a show in the city now and then, go to the mountains or beach a week or two several times during the year, etc., etc.

It takes more to buy gasoline for the young folks of today than it did years ago to pay for all their pleasures during the year.

The reasonable father and mother of today do not expect or wish that their children live as they did when they were young, but they do have a right to expect that the young people of the present appreciate the opportunities and privileges they have in this wonderful age—and show this appreciation at least in some small degree.

Stability and Demand Behind Record Year

Confidence in the stability of the citrus market on the part of jobbers and retailers throughout the United States coupled with increased consumer demand for California citrus fruit were given as the two principal factors in bringing about the outstanding citrus sales record of 1929-30, by Paul S. Armstrong, assistant general manager of the California Fruit Growers Exchange, on his return from the yearly survey of United States and Canadian markets.

"The record made this year by California citrus has been remarkable in the face of lowered buying power throughout the country and the heavy supplies of other fruits selling at low prices," stated Mr. Armstrong. "Jobbers and the trade generally throughout the country informed me that they considered citrus fruits in a class by themselves and that they have confidence in the market due to the careful distribution plans of the Exchange."

"The 1929-30 crop, though small in comparison with the bumper 1928-29 production, was only 1500 cars below average shipments for the past ten years," continued Mr. Armstrong. "Greatly increased per capita consumption and demand for oranges and lemons which were big factors in making this a record year in returns to citrus growers have been primarily due to Sunkist advertising. The public demand oranges because they know through the medium of Sunkist advertising of their essential health qualities and the deliciousness of the fruit itself."

"With the larger crop next year promised from citrus producing areas, we will have a much more difficult marketing task," continued Mr. Armstrong. "I believe, however, that Exchange members and other California growers can look to the 1930-31 season with confidence if the distribution of the California crop continues to be handled in the same sound manner of the past so as to keep the confidence of the trade that we now have in the stability of the market on California citrus. This can be accomplished even better with more complete cooperation within the industry itself."

There is only one state in the Union whose citizens use more gasoline per capita during the year than we folks here in California—and that's Arizona. Motorists of that state averaged 668 gallons per car, while Californians consumed 634 gallons per vehicle. Naturally, the reason for this is that these sunshine states have more days in the year they can drive their gas wagons. We can't see why Arizona folks should be ahead of Californians, though—unless it is because they have longer distances to go to get anywhere. And we would never have "thanked it," but they say that Iowans are at the bottom of the list in gas consumption, averaging only 428 gallons a year.

There are lots of times when you don't know whether Will Rogers is trying to be serious in his column or whether he is just kidding. Which do you suppose he was doing the other morning when he advised everybody to hang onto every dollar they get hold of? If he meant it—it's mighty poor advice. That's what's been the matter with things for some time—people who have money are squeezing it till the old eagle screams. It's judicious spending that makes prosperity—not overdoing it and not being too tight. "Don't spend it all" is a mighty good motto—but "Hang onto every dollar you get" is rotten advice.

To the average football fan in the Southland it looks as though St. Mary's wasn't "a-rarin'" to get at the old Trojan war horse as bad as many had been led to believe. A counter invitation to go north after being invited to stage a game in the Coliseum in Los Angeles looks like a little horse play. It would give St. Mary's a wonderful opportunity to round out a perfect season by trimming a real football team—or spoil it by getting trimmed. The latter possibility would seem to be the more likely result.

Is all the turkey gone yet? Perhaps not—this is only the first day after.

News of Yesteryear

Taken from News Files

FOURTEEN YEARS AGO

Improvement of Upland's water system started three months ago by the Citizens Land and Water Co. has been completed by Superintendent W. E. Estes. Fire Chief Manker says the pressure now ranges from 55 to 120 pounds. Miss Willie Tinsley is leading in The Upland News grand prize contest, Mrs. Spicer being a close second.

Mr. and Mrs. Samuel Winger of Chambersburg, Pa., arrived in Upland Monday and will spend the winter here.

A group of Upland people drove up to Bakersfield to spend Thanksgiving day with Mr. and Mrs. C. E. Adams in the group being Mr. and Mrs. C. F. Fuller, Mr. and Mrs. O. E. Atwood, Mr. and Mrs. P. H. McQuillen, Everett Fuller and Miss Mildred Ware. Rear Admiral W. H. Brownson, retired, and Mrs. Brownson of Washington, D. C., have been guests of Mr. and Mrs. R. R. Brownson on Eighteenth street. The visitors are en route to Honolulu to visit their daughter.

Mrs. Bess R. Jones who has been visiting in the east for several weeks, returned home yesterday.

Upland's residential section is to have two handsome new homes, the Hanley residence on Euclid being near completion and the Whitney home being well started. Mr. and Mrs. C. V. Lambberger spent Thanksgiving in Los Angeles with Mrs. Lambberger's mother, Mrs. McFarland.

H. E. Wright, Frank Freeman, motorcop, and John Palmer are owners of new late model motor-cycles, according to H. C. Clem of Clem's cypers.

Mrs. R. C. Allen and children of San Pedro were guests here Sunday of Mr. and Mrs. E. P. Fuller.

J. W. Mehl, F. A. Duell, Frank Edwards, Walter Shettle and their families motored to Little Bear over the week-end and enjoyed a successful hunt.

Other Editors' Ideas

Youth's Opportunities

Glendora Gleaser: Do the young people realize all the opportunities they have and how much more favored they are than were their parents? Their schools are a most amazing improvement. They are taught not merely names and dates and rules, but how to think about things to solve life's problems, and so into the world.

These homes provide them with comforts and pleasures the old folks never had. They travel around the country freely in automobiles, while most of the young folks of former days were limited to walking distances. They have dollars to spend where their predecessors had pennies and nickels. They have club life to give them initiative, athletic life to make them healthy and quick.

Before they fret because their parents want them to do this or that, they might well consider what their parents have sacrificed to give them these chances.

New Problems

San Bernardino Telegram: Perhaps the greatest achievement of science since 1880 was the adding of 16 years to the average expectation or duration of human life. It was a great victory for medical and surgical science and the science of sanitation and justifies whatever such progress may have cost.

Science has done its part, but have the people, to whom these additional 16 years of life have been given, done their part by making the best use of them? What has been done with these years, whose total is reckoned as 1,900,000,000 additional years of life in the United States in the last half century?

Science has taught and enabled us to live long but cannot teach us to live well.

So Say All We Iowans

Reseda News: Iowans are pleased with the support Frank F. Merriam received in his run for lieutenant governor. He was a sure winner when he appeared for office in the old Hawkeye state. Frank, though as dry as dust, gathered in wet votes by the thousand in the dripping precincts of the bay city. He is one of the best poised, most heady men in the political organization of the state. He possesses the elements of leadership.

A Mistake Easily Made

Beverly Hills Citizen: California's yen for Spanish architecture has drawn forth comment from the effete and colonial-minded east. O. O. McIntyre—ne of the big broad way and dove-colored spats—makes Lew Cody responsible for this one. Lew, says Mac, bought a Spanish mansion in Beverly Hills and lived in it six months before he found out it was a gasoline filling station!

Sunday, Rev. J. C. Mehl and John Rahm were elected superintendents. Other officers named are Miss Gussie Weber, secretary; Albert Schmidt, treasurer; Miss Hulda Isaac, organist; Paul Hau-ry, librarian.

TEN YEARS AGO

Mr. and Mrs. J. H. Payne have sold their handsome home and 10-acre grove on Twenty-fourth street and Euclid avenue, to L. A. Broadway, millionaire merchant of Pasadena. Included in the deal were also 10 acres of oranges on Twenty-third street and two residence sites in San Antonio Heights. Mr. and Mrs. Broadway and daughter will make their home here.

Mr. and Mrs. Lyman Clark had as their Thanksgiving guests their cousins, Noble Crooks and Miss Minerva Crooks of Pittsburgh, Pa.

Mr. and Mrs. Miles Harnly had as Thanksgiving guests their son and daughter-in-law, Mr. and Mrs. M. V. Harnly and family of Redlands, and their daughter, Miss Irene Harnly of Arcadia.

Councilman and Mrs. William Springer and sons Norman and Jack, went to Brookside park near Pasadena where they joined other members of the family in a Thanksgiving picnic dinner.

William S. Hart, noted picture actor, and a company of 150 passed through Upland Wednesday en route to Victorville on location.

Mr. and Mrs. T. J. Cromer left Wednesday on a motor trip to Brawley where they are spending the holidays with their son and daughter-in-law, Mr. and Mrs. Rae Cromer.

Mr. and Mrs. Henry Livermore, and children have just arrived from Ontario, Canada, and Mr. Livermore has purchased five acres of lemons on East Tenth street from Martin Stewart.

Mr. and Mrs. William Atchley left last week by motor for Beeville, Texas where they will visit relatives until after Christmas.

Within a short time Mr. and Mrs. Fred E. Draper and children will become permanent residents of Upland and Mr. Draper will be in charge of the J. B. Draper funeral parlors on First avenue and Ninth street. Mr. Draper has been in charge of the state compensation fund in the San Diego district.

Mr. and Mrs. P. W. Daggs have returned from a 10 days visit with Mrs. Daggs' mother at Santa Barbara.

Mr. and Mrs. Harold Stuckney, Miss Gladys Riley and Miss Jessie Brown motored to Santa Barbara to spend Thanksgiving with friends.

W. C. Jones and H. A. Cooley have formed a partnership to be known as the Jones-Cooley Contractors and Builders firm.

O. P. BRADY DRUGGIST
267 Second Avenue

A certain radio station near here daily advertises a brand of toothpaste which is supposed to remove anything that attacks the teeth.

There's one thing, however, which attacks the teeth that isn't easy to remove, and that's a dentist.

A bootlegger attempting to do business near Upland early this week, came out with a brand of hooch he calls "Wall Street Whiskey."

It was probably the kind which after taking one drink gives you a seat on the curb.

A customer getting a shave near Upland yesterday complained that the barber was continually nicking him.

He should have told the tonsorial expert to shift into second when he went around the corners.

Now that New York has all the latest traffic improvements, why not give us the last and final touch of perfection by installing a red-white-and-green arm to reach out and pick up the pedestrian?

BUSINESS WOMEN TO MAKE GIFTS

Members Upland B. and P. W.
Club Will Contribute
to Welfare

For several years it has been a custom for the members of the Upland Business and Professional Women's club to have a Christmas tree at their December meeting and to make an exchange of small gifts. This year it has been deemed advisable to change the form of the Christmas giving and in place of the usual exchange to bring to the meeting some offering that may be used for the benefit of the needy in the community.

Each member of the club is asked to bring some article of food that may be kept until Christmas, most any article of staple groceries being suggested. There is always a big variety of canned goods to select from, as well as dried fruits, potatoes, squashes, nuts, apples, beans, rice, oats, condensed milk, and dozens of such articles; or, if one should prefer, some home canned fruits. Any food that will keep for a few weeks will be acceptable.

The articles need not be wrapped since they would have to be unwrapped in order to properly group them according to the needs of the families. Mrs. Ernest Olson, club president, Mrs. Mark H. Bailey and Mrs. Una R. Winter are the committee that will receive and care for the gifts as they are brought into Crowell hall.

Claremont Players Will Present First Play on December 2

Construction work on a Little Theatre in Padua Hills which is being erected by Padua Hills, Inc. is rapidly nearing completion and it is anticipated that the building will be ready for the initial production of the Claremont Community players which is scheduled for the week beginning Dec. 2.

The Players are presenting "The Royal Family" by Edna Ferber and George Kaufman as their initial production in their new home. James P. Blaisdell the director of the play announces that very satisfactory progress is being made at rehearsals. Those who have watched the work of the cast during the last few nights predict an unusually fine performance.

At the present time members of the Claremont Community Players are making reservations for themselves and their parties both for the production and for dinner which will be served at 6 and 7 o'clock each evening in the Padua Hills dining room which will be opened at the same time as the Little Theatre under the sponsorship of Padua Hills, Inc.

Redondo and Covina Will Play Off Title

Redondo, champions of the Bay football league, and Covina, champions of the Citrus Belt league, will play at Redondo Saturday afternoon in the play-offs leading up to the state championship.

Covina was awarded the title at the meeting of the league officials at Chaffey Monday night.

Printing that pleases at The Upland News.

THEATRES

David Belasco's Big Success Will Be Shown Tonight

"Girl of the Golden West," which shows in the Upland theatre tonight, is considered David Belasco's outstanding theatrical success, and it placed him definitely in the forefront of American play producers.

The play opened in 1905, and was given its first tryout performance in the Belasco theatre in Pittsburgh. It was so popular that it was immediately taken in to New York City, where it ran to capacity audiences during that and the following season.

It then went on "the road," where it repeated its New York success. It is still considered one of the most popular plays of repertory companies. Practically every stock company of note has played it at one time or another.

It served as a vehicle for increasing the fame of Blanche Bates, and made Frank Keenan, who took the role of Jack Rance, gambler and sheriff, one of America's outstanding character actors. Later the story was made into an opera, which, however, never attained the general popularity of the stage play.

The opera served to call attention to the fact that American locales were just as colorful settings for operas as foreign locales.

Others in the original stage cast included James Kirkwood, Lowell Sherman, Robert Willard, T. Haynes Hunter, John W. Cope and Horace James. Ann Harding, James Rennie, and Harry Bannister play the leading roles in the new talking picture version.

High Class Programs Scheduled For Week

Lovers of high class amusement will be delighted with the programs to be presented at the Fox Granada theatre in Ontario during the next week. Friday evening John Gilbert and Wallace Beery will be seen in "Way for a Sailor," a fast moving drama that has brought both these players new honors.

On Saturday only the comedy drama "Big Money" will be shown with Eddie Quillan, Robert Armstrong, James Gleason and Miriam Seegar heading a fine cast. This play brings a brand of humor certain to please the entire family, and is as modern as this morning's newspaper.

The Knute Rockne football classics are shown on Fridays and Saturdays. The third of the series this week entitled "Flying Feet." Sunday, Monday and Tuesday what has been declared the year's best drama, "Holiday," will be the feature. Magnificently produced with Ann Harding, Mary Astor, Edward Everett Horton, Robert Ames, Hedda Hopper among those most prominent in a large cast, this play has created a genuine sensation, and should be seen by every discriminating playgoer.

Harold Lloyd comes on Wednesday, Thursday and Friday next in his latest mirthquake "Feet First," which will surely test the capacity of the Fox Granada at every showing. Lloyd makes but one picture each year, and his latest is accounted his best.

"Arizona Kid" Will Show at California

Warner Baxter in "The Arizona Kid" will be seen at the California

theatre in Ontario tonight and Saturday. This splendid actor has created a remarkable characterization as this lovable outlaw who was first given to the screen in the play "In Old Arizona." This latest work abounds in exciting situations and has been filmed in a country affording wonderfully colorful photography.

On Sunday and Monday "The King of Jazz" will be the feature with Paul Whiteman and his famous band heard to the best advantage throughout. Filmed entirely in Technicolor, this is one of the finest productions ever given to the screen, and teems with interest throughout.

"All Quiet on the Western Front" won first place among picture productions according to the recent decision of the American Academy, and comes to the California on Tuesday, Wednesday and Thursday of next week.

"Conspiracy" Made by Bessie Love For Children, She Says

Musical comedies, farces, dramas, mysteries or romances—all are the same to Bessie Love. She enters into the spirit of any play with equal enthusiasm, according to Christy Cabanne, who directed her in Radio Pictures' mystery-melodrama, "Conspiracy,"

showing tomorrow night only at the Upland theatre.

"But it is Bessie's ambition," continues Cabanne, "to play the lead in an all-talking picture that would be made especially for children. She feels that the talking pictures of today are above the average child's understanding. With this thought in mind I was careful in making 'Conspiracy' entertaining to children as well as grown-ups."

Miss Love's first great talking picture success was in "The Broadway Melody." Her role in "Conspiracy" is exactly opposite from the musical-comedy part. In this picture she plays the dramatic feminine lead opposite Hugh Trevor.

"Conspiracy" boasts a large cast of unusually brilliant players, including Ned Sparks, Ivan Lebedeff, Rita La Roy and Walter Long. The film is an adaptation of the stage hit by John Emerson and Walter Baker.

Social and Club News of Upland

By MRS. ETHEL THRASH

Mrs. Winter Tells of Legislative Council

Postponing his return to Washington in order to appear before the Business Women's Legislative Council of California, the Honorable Joe Crail, congressman from the tenth congressional district, was the speaker at the November meeting of that organization, which was held on Nov. 22 in the Men's City club in Los Angeles, a report of the meeting being made locally by Mrs. Una R. Winter, president of the Upland Woman's club, member of the executive board of the Upland Business and Professional Women's club and second vice-president of the Business Women's Legislative Council.

Congressman Crail is a member of the Foreign Relations committee of the House of Representatives and is in full sympathy with the desire of women for equal rights not only in questions concerning nationality, but along all other lines as well, according to Mrs. Winter who enjoyed the opportunity of meeting Mr. Crail and hearing him speak on "Codification of international law," his address being an explanation of efforts being made to bring about an international law granting women the same rights of nationality as men now enjoy.

Another interesting feature of the meeting was the report of the committee previously appointed to draft a preamble and resolution in regard to the Lucretia Mott amendment now before Congress which provides that: "Men and women shall have equal rights throughout the United States and in every place subject to its jurisdiction."

The luncheon meeting was attended by about 25 of the leading business and professional women of Los Angeles and members of the club from other places.

Members of C. Sharp Club Enjoy Delightful Meeting

The C. Sharp club held a delightful meeting recently at the home of Miss C. Bertha Palmer on First avenue.

This club originated with Miss Palmer several years ago and each year her piano pupils automatically become members. The object and aim is to create a livelier interest in all things pertaining to music, to gain a more intimate knowledge of the great musicians and a better appreciation of good music.

At this meeting an illustrated biography of Franz Liszt was read by the children and a short sketch of Brahms was given by Betty Palmer.

After a duet by Miss Palmer and Janet Davis, an interesting guessing game was played, prizes going to Carl Nelson and Janet Davis.

Enjoyable piano selections were given by Joseph Smith, Jean Scott, Dorothy Benson and Betty Palmer, and later refreshments in keeping with the Thanksgiving season were served by the hostess.

Besides those mentioned, there were present Barbara Louise Anderson, Charlotte Browning, Alice Mae Clewett, Edwin Phillips and Eldon Bert.

Mrs. Grisham is Given Birthday Party

Mrs. Bess K. Grisham observed her birthday anniversary Sunday, Nov. 23, and in celebration of the occasion she was entertained at a prettily arranged family dinner party given at the home of her mother, Mrs. Kate Deets, in Long Beach.

The attractively appointed table was decorated with flowers and tall candles in autumn colors, and a beautiful birthday cake was the interesting centerpiece. A delectable turkey dinner, with many complementing dishes, was served.

Those enjoying the party were Mrs. Grisham, Miss Flora Morley, and Ed. B. Dickerman of Upland, Mr. and Mrs. Joe Jost and children of Long Beach, Joe E. Sell of Los Angeles and sister-in-law, Mr. and Mrs. Don McKean, were prevented from attending by the illness of one of their children.

Teuscher Families Enjoy Dinner Thanksgiving Day

A very happy gathering of the Teuscher family was held on Thanksgiving day at the lovely and commodious ranch home of Mr. and Mrs. William Teuscher of Claremont, the dinner hosts being Mr. and Mrs. Jacob Teuscher of Upland.

A mammoth turkey, expertly prepared, furnished the central item of the menu, which included many other delicious dishes. Besides Mr. and Mrs. Jacob Teuscher and Mr. and Mrs. William Teuscher and children, Billy and Helen, those attending were Mr. and Mrs. Earl Daniels, Miss Mary Teuscher and Martin Jessil, all of Los Angeles; Mr. and Mrs. W. B. Kronen, of Upland, and Mr. and Mrs. Egg of Claremont.

Olive Gentry Charms Her Audience With "The Blue Bird"

In what was unanimously characterized as one of the most perfectly presented and exquisitely beautiful characterizations ever presented here, Miss Olive Gentry, talented Hollywood dramatist, appeared Tuesday afternoon before the Upland Woman's club at the clubhouse on Second avenue, giving a masterly interpretation of Maurice Maeterlinck's world-famous play, "The Blue Bird."

Miss Gentry, petite and charming, presented the play, scene by scene, successfully impersonating the several characters and making each live through her own vivid personality.

Not only did her technique reveal natural talent and polished artistry, but her sympathetic and delicate interpretation of the spiritual meaning of the great play which at times reaches into fairyland and borders on the realm of the esoteric, was a joy to her audience. Miss Gentry is a voice student of Mme. Newsome-Jewell, prima donna soprano and voice teacher of Hollywood, Rome, Paris, and Milan.

Good Recipes For Good Cooks

CHEESE OMELET

Mrs. Emma Titus

"One pint of finely cut cream cheese, one pint of milk, one and one-half pints cracker crumbs, butter the size of an egg, four eggs beaten, yolks and whites together, until very light. Put the milk and butter over fire and let come to the boiling point. Pour this over the cheese and crackers and set aside for two or three hours. When ready to serve beat the eggs, stir them into the cheese, add salt and bake a nice brown. Serve hot."

itual meaning of the great play which at times reaches into fairyland and borders on the realm of the esoteric, was a joy to her audience. Miss Gentry is a voice student of Mme. Newsome-Jewell, prima donna soprano and voice teacher of Hollywood, Rome, Paris, and Milan.

Miss Marian Kennedy, playing her own special musical arrangement for "The Blue Bird" accompanied Miss Gentry throughout the reading and opening the program she played two delightful numbers, "On Wings of Song," by Mendelssohn List, and "Prelude in A Flat Major," by Chopin.

The stage was beautifully decorated, large baskets of yellow baby chrysanthemums being contrasted against a background of green juniper boughs.

Preceding the program a short business meeting was conducted by Mrs. Una R. Winter, club president, several reports were made by committee chairmen, among them being Mrs. Leon Durham, head of the drama section; Mrs. Chas. V. Barr, Federated News chairman; Mrs. J. H. Freeman, motion picture chairman; and Mrs. A. L. Weber, educational chairman.

Mrs. L. H. Jorgensen, assistant librarian, in charge of a library "book week" exhibit, gave sketches of several interesting books.

At the suggestion of Mrs. F. H. Manker, who recently investigated conditions at the Sierra Vista home for aged women, Mrs. Winter announced that the women in the home were in need of house supplies and asked for contributions as a Thanksgiving offering for that purpose, and within a surprisingly few minutes \$25 were contributed.

In their reports Mrs. Freeman called attention to the splendid pictures being shown in the Upland theater and Mrs. Weber suggested an essay contest on community history to be conducted in the grade schools. Her plan was approved by the club.

Brother of Upland Man Is Married at Brawley

Mrs. Bess Grisham, E. B. Dickerman and his sister, Mrs. C. H. Burns of Monterey Park, went to Brawley Tuesday and attended the wedding of Mr. Dickerman's brother, John Dickerman, which was a pretty affair, taking place at the ranch home of the groom near Brawley. This ranch adjoins that of Mr. Dickerman's parents and they with about 25 relatives and friends were present for the wedding ceremony and the reception which followed.

Mr. Dickerman, who formerly lived in Upland, and his bride are spending their honeymoon in Monterey Park.

W. C. Born Family Enjoys Thanksgiving Holiday

Miss Christina Born, a student in the State Teachers' Normal in Santa Barbara, arrived Wednesday for a holiday visit with her parents, Mr. and Mrs. W. C. Born, and sisters and brother, Misses Elizabeth and Cornelia and Philip Born. The group enjoyed a family dinner on Thanksgiving day and today they have gone to Pasadena to be guests of Mrs. Born's sister, Mrs. Stuart McDougal. Sunday they will visit Mr. Born's sister, Mrs. Joe Geotz, in Los Angeles.

Golden Wedding To Be Observed Saturday

Tomorrow, Nov. 29, Mr. and Mrs. E. A. Cooley, 324 First avenue, will have the rare pleasure of celebrating their golden wedding anniversary, and in observance of the truly important event they will hold a reception at their home on Saturday afternoon from 2 to 4 o'clock. They will be assisted by the members of their splendid family, their six daughters and their son, the "in-laws" and the grandchildren.

This observance of their fiftieth anniversary with prospects of many more to come, is expected to be a very happy affair.

Upland Group Attends Two Programs in Los Angeles

Two very enjoyable programs were attended Wednesday night by a group from Upland who drove to Los Angeles, Mr. and Mrs. James Paulin and daughter, Margaret, attending the delightful Ellis club concert given at the Philharmonic auditorium. Mr. and Mrs. James E. Goodban, the other members of the group, were met in Los Angeles by Mr. Goodban's brother-in-law and sister, Mr. and Mrs. Percy Flagg, and the four of them saw Harold Lloyd in his latest picture, "Feet First" at the United Artists theater.

District President Will Be Guest of Business Women

Members: bring your Christmas offerings!

The privilege of entertaining Miss Ethel Carroll, of Oxnard, president of the Southern district, California Federation of Business and Professional Women's clubs, and Miss Dana Williams of Ontario, state recording secretary, at the dinner meeting Tuesday night is creating much interest among the members of the Upland Business and Professional Women's club and large attendance is expected.

In addition to the honor or having the district president as a guest, the members are looking forward to the pleasure of hearing Miss Carroll deliver a splendid address. She possesses a very pleasing personality, is a fluent speaker and draws often upon her abundant store of humor, making her talks not only beneficial but also very entertaining.

Miss Carroll is the very successful librarian at Oxnard and of necessity takes a broad and tolerant view of the varying idiosyncrasies of humanity and whatever subject she elects to discuss, she is certain to have something very worthwhile to say.

Miss Williams, of the Ontario Business and Professional Women's club, and a general favorite of local club women, will tell of the work of the state federation, which coming first hand, will be of particular interest.

The musical part of the program will consist of a group of delightful violin numbers by Miss Mildred Lucas, violin instructor of Ontario, accompanied by Miss Challis Melvie.

Bring your Christmas offerings.

Club Women To Give Minstrel Play

In her report made before the Upland Woman's club Tuesday afternoon Mrs. Leon Durham, chairman of the drama section, told of the plans being perfected for presentation on the evenings of Dec. 11 and 12 of the "Black and White Revue" to be sponsored by the drama section.

There will be 36 characters in the cast, all home talent, and the rehearsals, which will start next Tuesday evening, will be directed by Miss Dagmar Landberg of Los Angeles.

The minstrel will be presented in the auditorium of the Upland grammar school and the dates should be borne in mind as this will be an entertainment that no one will be willing to miss.

Leadership Training School Nearing End

The Union Leadership school which has been meeting in the Presbyterian church has only two more sessions, Monday evening all term papers are to be handed in and Monday, Dec. 8, the school will hold its final class session.

Final closing service is set for Dec. 9 when the council has secured the Rev. Shirley Shaw, pastor of the Ontario Christian church as the special speaker to deliver the closing address. Rev. Shaw has done a great deal of work in the field of religious education and his message should have a large hearing. The churches and the public are cordially invited. A silver offering will be received toward defraying the expenses of the council in connection with the school.

Miss Hiller Becomes Bride in Beautiful Church Ceremony

In the presence of a large number of relatives and friends, many of whom had come from a distance specially for the interesting event, Miss Harriette Hiller, daughter of Mrs. Geo. H. Crill, and John Edward Kinsey, of Whittier were united in marriage at 8:30 Wednesday night in the Upland Presbyterian church.

Banked about the altar in artistic design were palms and ferns with tall white candles vividly contrasted against the green, making a very effective decoration.

J. E. Mitchelmore of Los Angeles sang two beautiful numbers, "Still as the Night" and "Because" and Mrs. Earl H. Johnson at the organ played the nuptial music, the "Wedding March" from Lohegrin announcing the approach of the bride party.

Coming from the side entrance the officiating minister, Dr. R. C. Stone, preceded the bridegroom and his best man, Champ Culver of Los Angeles, while from the main entrance down the right aisle came the bride and her attendants, lead by the ushers, Messrs Price Walker, Paul Vi-

mont, Frank Foster and Dr. Stanley Rice of Los Angeles and L. M. Dickens of Upland.

The four charmingly clad bridesmaids followed, Miss Mary Marshall and Miss Mamie Goddard wearing pale rose pink crepe, while Miss Josephine Phelps and Miss Frances Freeman wore a deeper shade of rose pink crepe, all accessories matching the two dainty colors and each one carrying a lovely bouquet of pink sweetpeas and lavender.

The matron of honor, Mrs. L. M. Dickens, a sister of the bride, was attired in a beautiful blue gown with harmonizing accessories and carried an arm bouquet of yellow roses.

Miss Mary Roach as maid of honor also wore a becoming blue costume and carried pink roses. She was followed by dainty little Miss Penelope Dickens, niece of the bride, who as flower girl wore a pretty frock of pink taffeta and carried a basket of rose petals.

The bride, escorted by her brother, James Hiller, was lovely in a handsome wedding dress of white transparent velvet, a touch of real lace being the only ornament, and a long veil caught about her head with orange blossoms. She carried a beautiful shower bouquet of gardenias and lilies of the valley.

Seen From Chaffey Window

California Championship basketball squad, in that they have been asked to play an exhibition game in Los Angeles during December before a meeting of the coaches and physical directors of Southern California.

Last season Captain Dave Meek of Upland and his team mates

As Dr. Stone concluded the marriage ceremony Mrs. Johnson played Mendelssohn's Wedding March and the bridal party proceeded up the left aisle, going from the church to the clubhouse of the Upland Woman's club where a charming reception was held.

The club rooms were attractively decorated with pink and yellow chrysanthemums and during the reception a delightful wedding collation was served after the bride had cut the handsome wedding cake.

With the bride wearing a smart black traveling costume, Mr. and Mrs. Kinsey left for an automobile trip and they will be at home to their friends after Dec. 8 at their home on Stamey Road, Whittier.

won the championship of Southern California. Their invitation to play before the experts is in recognition of this success. Eldon Nafel, Syrell Gunstream, Noel Brown, Harry McKinney and Wilbert Kaufman are among the boys from Upland and vicinity who are striving for places on the team this season.

A pleasant and attractive girl came seeking admittance to Chaffey junior college this year. She was a graduate from another high school, but had been denied admittance to a neighboring college because of low grades in almost every course.

She was asked how much work she had done in preparation of her lessons during her high school course.

"I attended high school four years and never once took a book home," was her frank reply. The records that were sent to the homes on the grade cards last Friday show that the students at Chaffey appreciate the advantages given them by the citizens of the district, for in general the grades show good work.

Parents can help their children maintain and even better their records by arranging a quiet study room and helping the young people develop the habit of regu-

lar evening study. The football championship cup of the Citrus Belt League was presented to Covina at the meeting of the representatives of the six schools of the Citrus Belt League, Covina, Pomona, Riverside, Redlands, San Bernardino and Chaffey, which was held at our school this week.

Arrangements were made for the basketball and track seasons. Following the meeting the representatives adjourned to the Chaffey apartment for an old time Thanksgiving dinner, each one carrying a wooden musket for defense against the Indians.

Hulled corn, chowder and fish were more plentiful than turkey and other delicacies that we now associate with Thanksgiving.

With Earle Blakeslee at the piano the guests accepted their pioneer meal with singing.

The Pilgrim meal we offer you is almost like New England knew;

Be thankful that you haven't stew.

Pilgrim days are here again. The turkeys—they all flew away. But corn is ripe, and bays today.

Be thankful we don't feed you nay, Pilgrim days are here again.

KAMEHAMEHA GAME MAY BE BROADCAST

Plans Are Rounding Into Shape For Honolulu Fracas

Chaffey's football games in Hawaii will be broadcast over the radio if plans of the Tri-County Radio Amateurs association prove successful.

The members of the association have been in touch with the amateurs in Hawaii and have made arrangements so that one of the boys in Hawaii will pick up the regular broadcast of the games and send it over here, while it will be picked up and re-broadcast.

The subject, "The Promise of the Life That Now Is." This will be a discussion of the present blessings for believers. They have spiritual blessings of course. Do they have temporal ones?

This church will unite with the other churches of Ontario and Upland in the evening to hear Dr. Charles M. Sheldon in the First M. E. church of Ontario. The young people's societies will also gather in union service to hear Dr. Sheldon in the Bethel Congregational church of Ontario at 6 p. m.

Sabbath school meets at 9:45 a. m.

Special offering today both from the Sabbath school and church for national missions. Get envelopes at the church chest.

Wednesday evening prayer meeting at 7:30

His Defense

An old negro was arraigned before a justice on a charge of assault. During the proceedings the judge asked him if he wanted a lawyer appointed to defend him. "No, Judge," he replied, "I don't want no lawyer, but I suttinly would like a couple of good witnesses, if you got 'em."

Women, Three Men in Cucamonga Court

Anne Henderson, arrested in Cucamonga last night and lodged in the Ontario jail over night, on a drunkenness charge, drew a suspended sentence from Judge James Sharp this morning.

Her path that ended in jail started with a Thanksgiving dinner at her brother's in San Bernardino, she said. Later her relatives visited in Cucamonga, but she left the

party and Chief of Police Sawyer and Carmen Lehman were called when she disturbed residents in Cucamonga.

L. Guerrero and E. Montes, Cucamonga Mexicans, received a suspended sentence of 180 days in jail on a charge of disturbing the peace.

Not from Gulliver's lands are those giant dates you've seen in fancy shops. They're simply two dates pressed together before stuffing. You can make these "jumbo" dates yourself.

Christmas Sweets

that will spell certain satisfaction to your "Sweetest Than Sweet."

NO GETTING AROUND IT. My Dear Fellow, our FEMS still delight to GIBBLE on choice specimens of Chocolates, BUT—as long as Women are fair and men are strong, it's tough to make 'em Buy their own Candy.

HERE IS THE LITERATURE that almost won honorable mention in the rabbit races at Agua Caliente.

Get in with your Woman, be smart like a fox, If she likes candy—why, buy her a box. She may listen and laugh at the bull that you pass— But, when candy she wants—she wants candy with class.

It's the business of Mac, and His Trusty Crew, particularly Our Nell—to see that she gets Choice Chocolates. —MAC SAYS SO!

Again—we are featuring GRISWOLD'S CANDIED FRUITS.

For a change of pace what more delicious offering could you supply for family or friends.

For those at a distance these freshly prepared fruits keep and ship well and are distinctively Californian. —MAC SAYS SO!

Perhaps no news to you that we have the most sparkling line of Christmas Greetings, as well as Tags, Seals, Mottoes, House, Tree and Table Decorations that we have ever assembled.

What's more—for your convenience we are showing these on the main floor just to your left inside the front door.

Cheerfully yours,

MAC the Medicine Man

HOLIDAY MAILING RULES DISCUSSED

**L. N. Kirk Tells Necessity
of Early Mailing and Cor-
rect Addresses**

Upland postoffice is today in readiness for the rush of Christmas mailing and the first of the holiday shipments from the east is expected to arrive soon.

L. N. Kirk, postmaster, today urged Uplanders to not only mail early, but also to see that packages are properly addressed, securely wrapped and carry a sufficient amount of postage.

Addresses should be complete, with house number and name of street, postoffice box or rural route number and typed or plainly written in ink. Mr. Kirk said, "A return address should be placed in the upper left corner of every piece of mail. If a tag is used, the address and return card should also be written on the wrapper for use, if tag is lost."

Gifts, letters and greetings should be in the mail at least ten days before Christmas, if the articles are to be delivered before the holiday, according to Mr. Kirk. Mailings for foreign countries should be on the way by next week, the official said.

"The use of a special delivery stamp will assure delivery on Christmas day, if mailed at the proper time," the postmaster said. "Special delivery service means the handling and transportation of parcels with the same expedition as first-class letter mail, as well as the immediate delivery at office of address."

ETIWANDA

ETIWANDA, Nov. 28.—Miss Caroline S. Waters of San Bernardino, county librarian, visited the branch library here Wednesday afternoon.

Mrs. Lane of Los Angeles called on Mrs. Walter Barnes Wednesday en route from San Bernardino, where she visited her father, Mr. Clark Gentry.

Mr. and Mrs. James Isles returned home Sunday evening after four and a half months spent at Balboa Beach and Santa Ana.

Mr. and Mrs. Rollin Hippard and daughter, Pamela, of Los Angeles, came out early in the week to prepare the ranch home here for Thanksgiving festivities. Mr. and Mrs. Geo. R. Hippard came up Thanksgiving morning.

The Etiwanda grammar school volleyball team played Cucamonga Central here Tuesday afternoon, winning the game from the visiting team.

Judge and Mrs. Thomas Donnelly and children, Allan, David and Dorothy, were present at a family dinner at the Dr. Frank Dooley home in Pomona Sunday. Dr. and Mrs. Wayne Dooley and son, Jimmie, of Los Angeles, were also present.

Mr. and Mrs. Ross T. Hickcox of El Centro and the latter's sister, Miss Emma Skinner, will be Thanksgiving day guests of Mrs. Martha Hickcox and Miss Winnifred.

Ned Francis of Los Angeles came up Wednesday evening to spend the holiday with his mother, Mrs. Rena E. Francis.

Mr. Greenstead, representative of the Curtis Publishing Co., visited the schools here Wednesday to inaugurate the annual subscription drive.

Mr. and Mrs. Lloyd Myers of Cantil were guests of Mr. and Mrs. E. T. Myers and son Arthur Monday night.

Dr. Goodell of the University of Illinois will give the third of a series of talks at church here on Sunday night at 7 o'clock.

Mrs. W. G. Pearson, who has been suffering with some trouble in a knee, was taken to the Ramona hospital Tuesday for X-ray examination and will remain there for treatment for a time.

Mr. and Mrs. Frank Fetrow were dinner guests of Mr. and Mrs. Fred Burger yesterday.

A very interesting school program was given by the grades in joint session Wednesday afternoon and a number of patrons were present for the occasion.

Guests Entertained by Stavely Family

Dr. and Mrs. James A. Stavely, accompanied by their guests, Mrs. Merle Scott of Honolulu and the Misses Ada and Alice Kelley of Lyndon, Kan., all cousins of Mr. Stavely, returned Wednesday from a three days motor trip to Pacific Palisades and Santa Barbara.

On Thanksgiving day Dr. and Mrs. Stavely and their daughter, Miss Martha Stavely, had as their dinner guests in addition to their houseguests, the Rev. and Mrs. W. I. Doole, Miss Rosa Doole and Miss Lincoln.

The Misses Kelley are leaving shortly for their home in Kansas and Mrs. Scott will sail for Honolulu.

Printing that pleases at The Upland News.

Fred A. Smith, Pastor

The revival campaign at our church has started off with a high tide. From night to night there is a perceptible gain in interest and power. While Evangelist Sutfeld, "Happy Fred," is a preacher of the old rugged type, he impresses all with his happy, radiant personality. An unusual glow characterizes the man and his message.

Hear him twice on Sunday, 11 a. m. and 7:30 p. m., and every night through next week except Saturday.

BETHANY UNION San Antonio Heights

A group of Hebrew-Christians from Los Angeles is to be with us Sunday afternoon. Among them Dr. Jacob Hyman, physician; Mr. Daniel Rose, businessman; Professor Lowinsky, violinist. They will tell of how they found Christ and of their work for Him among their own people. Mr. Lowinsky will render several numbers on the violin. Those who have heard these friends before will want to hear them again. Come and bring a friend. The worship begins at 4 o'clock.

The Junior Christian Endeavor begins at 9:15 in the morning.

The Sunday school at 2:45 in the afternoon.

The Intermediate Christian En-

FIRST CHURCH OF CHRIST, SCIENTIST
Cor. Euclid Ave. and G St., Ontario

Sunday morning service at 11 o'clock. Subject, "Ancient and Modern Necromancy, Alas Mesmerism and Hypnotism Denounced."

Sunday school at 9:30.

Wednesday evening meeting at 8 o'clock.

The Bible and all authorized Christian Science literature may be read or obtained at the reading room, which is located at 108 West C street, Ontario, and is open every afternoon, except Sunday and legal holidays from 12 until 5 o'clock, and on Saturday until nine.

METHODIST EPISCOPAL

James A. Stavely, Pastor

9:30 a. m.—Sunday school

11—Morning worship, sermon by the pastor.

Prelude, "Andante Religioso", Thome.

Anthem, The choir

Offertory, "Ave Maria," Schubert

Solo, "Come Unto Me," Lindsay

by Mr. Ralph Marr.

6 p. m.—The three leagues, Young People, Senior high, Junior high, meet at the church for Dr. Hill's brief Bible message on Luke.

6:30 p. m.—Union Young Peo-

ple's service at Bethel Congregational church to hear Dr. Charles Sheldon. Our young folks will go in a body.

7:30 p. m.—Union church service at First Methodist church, Ontario. Address by Dr. Charles M. Sheldon, "The Outlook for a Warless World."

FIRST MENNONITE "The Friendly Church"

Campus Ave. and Washington Blvd. A. J. Neuenchwander, Minister

Sunday school, classes for everyone, 9:30 a. m.

Morning worship 10:30. Good choir singing. Theme for the pastor's message, "The Day of Preparation." Rom. 13:11-14.

C. E. meetings at 7 p. m.; theme, "Our Responsibility to Spread the Gospel."

Evening service, 7:45. We are sorry that Dr. Kiewer was compelled to cancel his engagement. Instead the pastor will bring a message on the theme, "A Man After God's Own Heart."

The deeper life services have to be postponed indefinitely because of Dr. Kiewer's inability to be with us during the week.

Wednesday evening, two Bible classes, stimulating discussions. Text, Paul's Epistle to Galatians. Sunday, Dec. 7, new members to be received in the morning. In the evening, Women's Missionary society anniversary meeting. Rev. J. B. Epp is the special speaker for the morning and the evening.

Tuesday, Dec. 9, the Upland union leadership training school will come to a formal close. Rev. Shirley Shaw, pastor of the Christian church, Ontario, will be the special speaker. The public is cordially invited. An offering will be received.

ST. MARK'S CHURCH

Euclid Avenue and F Street

Rev. Bert Foster, D.D., Rector

First Sunday in Advent also St. Andrew's day.

Sunday school in parish house 9:30 a. m.

Holy communion and sermon 11 a. m.

The church throughout the whole country urges a full attendance of all communicants on this day being the beginning of the church year.

Monday being ingathering day

all members of the Guild and Auxiliary are asked to be present at the ten o'clock service and meditation to be followed by a lunch and afternoon session when in addition to the regular business and ingathering there, will be a very interesting address by Mrs. Habersham. Let every member bring a friend to the afternoon session; it will be worth while.

Do not forget your gifts for the Children's Home. If you could not bring them Thanksgiving day kindly bring them Sunday morning.

No Waste

A Scotsman, having heard of the wonderful results obtained by being able to rejuvenate, decided to have a course of this monkey gland extract.

He had to make a long railway journey, and at the station looking office he asked for a single ticket.

When asked if he would take a return ticket, the Scotsman replied "No, I may come back as a child."

Beulah College

The revival meetings which ended Sunday evening, Nov. 23, at the Brethren in Christ church, Pasadena, were attended largely by students. Those who attended report that the work was not in vain.

Thanksgiving was the thought running throughout the program presented by the Academy Literary Society at the regular meeting in the Beulah college

auditorium Thursday, Nov. 20. The thought was made more impressive by the decorating of the stage with Thanksgiving good things.

Miss Dorothy Bush, a former student of Beulah college, entertained the academy freshman class at the girls dormitory on Saturday evening in honor of her sister Marjorie Bush who is a member of the class. After a social hour and games, refreshments were served to members of the class and their advisor, Miss Helen Gish.

THE NEW CHEVROLET SIX

*Strikingly beautiful, fleet and smart
—a masterpiece of Fisher styling*

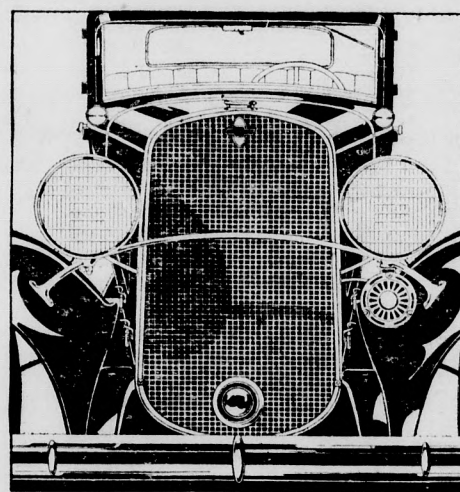

In the entire field of modern coachcraft no symbol has come to mean

more to the buyer of a motor car than *Body by Fisher*. And never has Fisher's superiority been more strikingly exemplified than in the beautiful new bodies of the Bigger and Better Chevrolet Six!

Working with the added advantage of a lengthened wheelbase, Fisher designers have been able to achieve in the new Chevrolet a degree of smartness, comfort and impressiveness hitherto considered exclusive to cars far higher in price.

Inside and out, you will discover scores of refinements that stamp this car as a masterpiece of modern coachwork. Radiator, headlamps and tie-bar have been artistically grouped to create an unusually attractive and distinctive ensemble. Mouldings sweep back from the graceful new radiator in an unbroken line to blend with the smart new body contours. And new colors, in carefully devised combinations, lend a new individuality.

Front view of the new Chevrolet Sport Coupe

Interiors, too, are exceptional in every way. The new mohair and broadcloth upholstery is tailored with exceptional smartness. Seats are wider and deeper and more luxuriously cushioned. A deeper windshield and wider windows give better vision for both driver and passengers. And beautiful new hardware, of modern design, lends a final note of charm.

The greater quality and beauty of the new Chevrolet-Fisher bodies have a counterpart in the many improvements which have been provided in the chassis of this Bigger and Better Six. Among these improvements are a longer, deeper, stronger frame; easier steering; a more durable clutch; a quieter, smoother-shifting transmission; and engine refinements which make the new Chevrolet a car you will be happy to drive—as well as proud to own.

The Bigger and Better Chevrolet Six is now on display in our showrooms. See it today—drive it—and learn for yourself that it is the *Great American Value!*

RIVERSIDE TO BE INSTITUTE HOST

International Relations Program Dec. 7 to 12 Will Be Outstanding

Of interest to many in Upland and the territory will be the program for the seventh session of the Institute of International Relations at Mission Inn, Riverside, from Dec. 7 to Dec. 12.

Here are the titles of addresses on the program for each day:

Dec. 7—"The Spirit and the Wheels," by Rev. H. H. Gowen, Seattle.

Dec. 8—Present Day Conditions in China and the Post-War Tendencies in International Cooperation.

Dec. 9—The French Foreign Policy and Europe in 1930.

Dec. 10—International Implications of the New Tariff and the United States of Europe.

Dec. 11—The German Constitutional Crisis and the American Conquest of Europe.

Dec. 12—India's Political Crisis and Our International Ethics.

Starting at 2 o'clock each afternoon will be general conferences, during which time general and specific world problems and conditions will be discussed. Round table discussions are also a feature of the morning program.

ALTA LOMA

By Florence Foster
Alta Loma Youth Flyer

ALTA LOMA, Nov. 25—Hoyt Cabe of Alta Loma recently established with a friend, a flying field in Monrovia, known as the Bothill Flying Field. Mr. Cabe is a pilot and mechanic for the four planes with which the field started, and will probably also superintend, with his partner, the delivery of new planes which they hope to add during the next two years.

On Sundays during the summer months the flying field has given many passenger rides aloft at the nominal cost of \$1.25 several of the Sunday afternoons being uninvited with daring parachute jumps, Don Parking of Alta Loma having gained for himself upon those occasions the reputation of an adept parachute jumper.

Alta Loma Skunks Make News About a year ago Florence Foster, who at the time was corresponding for several local newspapers sent in an item about six small skunks, the pets of William Smalley, an Alta Loma rancher. In the mail on Monday she received in a letter which had come several thousand miles, from Milwaukee, Wis., a clipping from a Milwaukee daily paper, which bore the caption "Baby Skunks Make Nice Pets, He Says," and underneath followed the story of the Alta Loma rancher. The clipping was cut out by Mrs. H. L. D. Adkins of Elkhorn, Wis., who with Mr. Adkins was in Milwaukee last week attending a bankers' convention. The story, a year ago, may have been published in many newspapers, before circling back home. The item follows:

ALTA LOMA, Cal.—A rose may have its thorns and a skunk its own method of protection but by proper handling both may be enjoyed.

William Smalley, Hellman av. rancher, believes in seeking the best there is in everything.

Consequently when he discovered a brood of six baby skunks without a mother or father he took them home for pets.

First, however, he took the precautionary measure of calling in a veterinarian, who performed six baby skunk operations. The foundlings didn't seem to mind the ordeal a bit, and when turned over to an old mother tabby cat for supervision they seemed to get a new hold on life.

The baby skunks grew rapidly under the influence of the mother cat and the neighbors became so insistent for skunk pets that in a short time Smalleys supply was reduced to one.

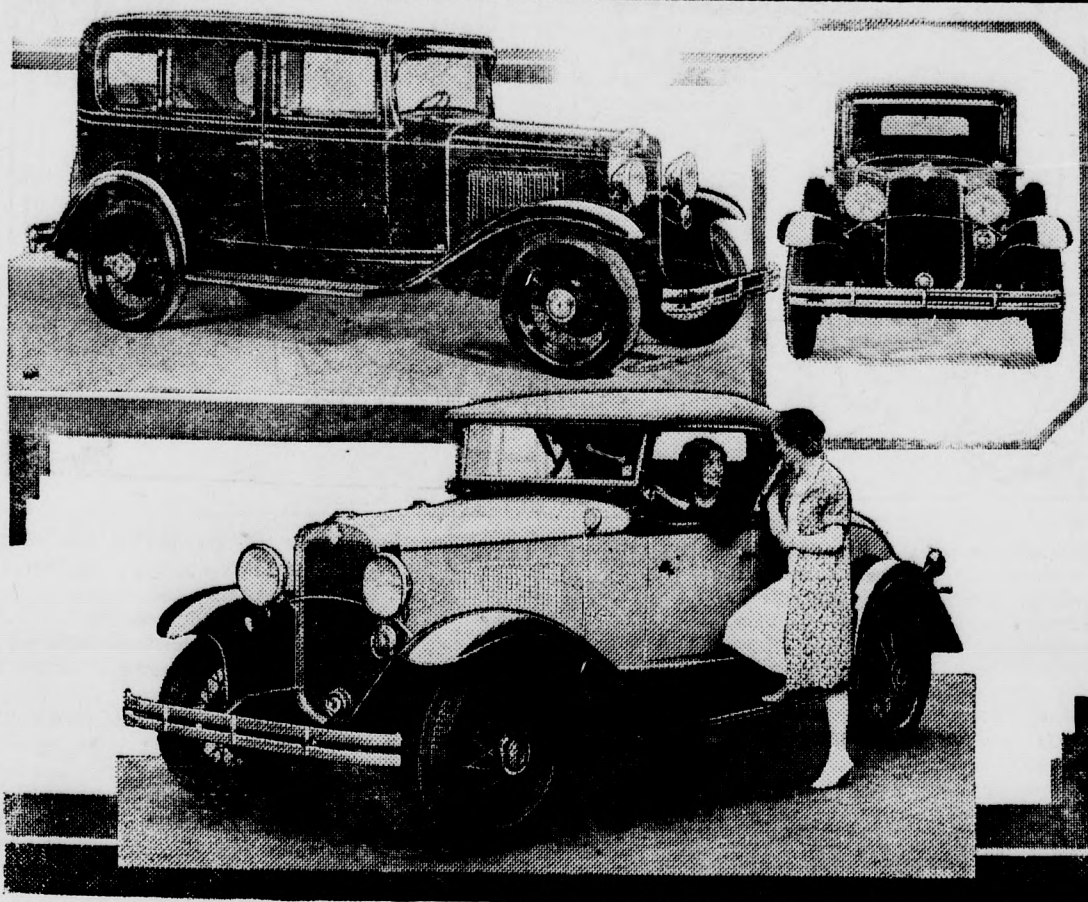

He is now keeping close watch over his remaining pet, which shows all the affection toward the human race as does a home loving kitten or cat.

Community Club

The civic center of Alta Loma, the Alta Loma Community Club, which was founded about 10 years ago by several of the public spirited citizens of the community. The club, composed of the business men and interested ranchers, was formed for the advancement of community interests, and the meetings held every Friday night at the club rooms on Lomita Drive are vibrant with up to date talks by members and interesting addresses by out of town speakers.

The Alta Loma Community Club does not neglect social interests however, and one Friday night of every month is known as "Ladies Night," and the club rooms are very full as the 75 members and their wives meet for a supper and jolly evening

1931 Chevrolet on Display at Couch Agency

Here are the new Chevrolet Six Models for 1931, being displayed by the local Alan A. Couch Chevrolet agency here.

At the upper left is the new sedan. The front end of the sport coupe is shown at the right with the radiator grille, which is

a feature of all new 1931 sport models. A girl is standing beside the sport roadster in the picture here.

together. This year the club has one following officers, president, Francis Wagner; vice-president, Lester Bennett; secretary and treasurer, Herbert T. Blake.

Encounter Wind

On Friday night Leslie Foster and Glen Brookins of Alta Loma accompanied E. H. Richardson of Ontario to Adelanto, where they attended a supper and meeting of the service club at that place. On the way home across the desert the wind blew so strong as to make it almost impossible to keep the car in the road. When they reached the tree section they had to stop the car several times where logs had fallen across the road and wait until enough motorists came by to help remove the obstacle.

Mr. and Mrs. Francis Wagner are building a five room house on Amethyst avenue, which will be completed by the first of February.

Mr. and Mrs. William L. Smalley have returned to their home in Alta Loma after a six week trip to Spokane, Washington, where they were called by the illness of Mrs. Smalley's brother, John Mulenix. They encountered two snow storms on the trip home, but stated that otherwise the trip was made with no obstacles.

Mrs. Barta, mother of Mrs. J. G. Stoebe, who makes her home on the Stoebe ranch on Hermosa, had the misfortune to be blown from the porch by the intense wind, and fractured her arm at the elbow.

Mrs. Arthur Forester, is confined to her home on Archibald by a sprained wrist which she

sustained several days ago.

The Epworth League listened to a splendid address on Sunday night at the league rooms, when W. W. Mather of Chaffey talked on current religious subjects. Mr. Mather met with a group of the young people earlier in the evening to talk over a series of lessons for the league in the near future.

Mr. and Mrs. Ben Miller and children enjoyed Thanksgiving with relatives in Glendora.

Mr. and Mrs. Bates of Los Angeles, formerly of Lynn, Mass., have returned to their home in the city after enjoying a ten days visit with Mr. and Mrs. E. E. Ramsell on Monte Vista street.

Mr. and Mrs. Leslie Foster were in Riverside Thanksgiving day, where they attended the wedding of Mrs. Foster's father, Rev. H. S. Justema, and Miss Alice Hardwick of Edgerton, Wis. The ceremony took place at noon at the Riverside Methodist church, with Dr. Nickolson officiating. Following the ceremony the guests

drove to the Reynolds hotel, where they enjoyed a Thanksgiving dinner together.

JUNIOR MATINEE PICTURES LISTED

Unusual Number of Films Suitable For All Ages Reviewed by Committee

In the list of motion pictures reviewed by the motion picture committee for the General Federation of Women's clubs during the period from Oct. 22 to Nov. 5, there is a majority of films recommended as suitable for family and junior matinee pictures.

"Sea Legs," a slap-stick comedy of an American prize fighter's adventures in a small Mediterranean navy, is listed for family and junior matinee.

That greatest of all boy adventure stories, "Tom Sawyer," with Jackie Coogan leading the cast, is, of course, a junior matinee picture and heartily recommended for all ages, being particularly appealing to adults.

Another all-age and junior matinee film is an Amos & Andy comedy, "Check and Double Check."

"Feet First," Harold Lloyd's latest comedy, like all Harold Lloyd pictures, is a riot of hilarious fun for the whole family and is recommended for all ages and junior matinee.

Five other junior matinee and all-age pictures are given. "Chain Gang," a Mickey Mouse comedy, and "Monkey Melodies," a Silly Symphony jungle courtship, are well recommended, as is "Cobb Goes A-Fishing," in which Irwin S. Cobb, famous humorist, demonstrates the sport of fishing in a clever and witty manner. Two of those very interesting Tom Terriss vagabond adventure stories complete the group. In "Ebony Shrine" the vagabond tells of a pilgrimage to the shrine of the "Black Christ" in Central America, and in "Gem of Agra" Terriss gives a beautiful picture of the Taj Mahal, a monument built to love.

Listed as suitable for adults and older adolescents is Du Barry, Norma Talmadge's new picture based on David Belasco's tragedy, "Du Barry," "The Pay Off," "The Dancers," and "The Passion Flower" are listed as adult pictures.

Royal Russian Chorus in Preeminent Musical Event Monday Evening

Seldom in the history of the West End has the Chaffey management been able to announce such an attraction as the Royal Russian Chorus, which sings in Chaffey auditorium next Monday evening.

This world famous company, the original grand Russian chorus, was organized by special order of the Czar some 75 years ago, and has maintained a permanent entity ever since.

The chorus have in their number two of famous basses for which Russia is notable. These men have the lowest voices heard in concert, reaching the unbelievable depth of low G (below low C). Their tones give a pipe organ effect to the sustained chords of the chorus.

The company includes typical Russian dancers and a Balalaika orchestra, the whole program presenting a variety, novelty and brilliance in music, which coupled with their gorgeous costuming, makes them a never-to-be-forgotten memory.

Popular prices of 50c and 75c will secure tickets at Mac's and Ford Bros. Music Co.

The acclaim given the chorus by foremost critics is clearly seen in the following brief excerpts. The New York Evening World said, "Made its American debut with a resounding welcome. Unforgettable." New York Times said, "Sang with a sincerity, naturalness and characteristic accent and color which has not been equaled by any chorus since the war. It stood unique in the experience of a New York audience." The Chicago American said: "Amazing assurance of musicianship, rare beauty and finesse. Choral work that was perfect in tone, rhythm, color and phrasing. Audience was entranced."

Kaibab Hunters Get Big Deer in 11-Day Hunt, Despite Cold

Leigh Thompson and Roy Craghton returned from an 11-day deer hunt in the Kaibab forest on Tuesday afternoon, bringing here one of the largest deer Uplanders have ever seen.

An 11-pointer was killed by Mr. Thompson. Each returned with two deer. The windstorm of last Saturday was also felt by the two hunters, only instead of having dust, they received snow. Temperature was below freezing.

The oft-rejected carrot will taste as good as it looks if you cut the scraped carrots in halves, put in baking dish with a little salt, mace and oil, and pour in a half-cup corn syrup and a little boiling water. Bake 'til tender and watch them disappear!

BILLY'S UNCLE

Variety of Scout Work Shown At Annual Exposition Today

(Continued from page 1)

bearing the number of their troop and supporting silhouette figures is a distinctive sign. A toy truck, candle holders, trash cans, with automatic lifter, flower pots, book ends and vases are a few of the things on display.

Articles exhibited in all the booths are the work of the scouts themselves and a visit at the exposition will reveal the varied, worth-while and instructive program that has been carried on in the Chaffey district under the direction of Lex R. Lucas.

Camping Is Theme

Camping is the theme carried out in the exhibit of Troop No. 1, Harold J. Stickney being the scoutmaster. Camping in all of its phases is shown, with miniature mountain and ocean camps placed in their proper settings. A feature of this entry is the replica of Camp Tulake, where Boy Scouts annually camp during the summers. Water is running through the camp and the scenes are realistic.

Demonstrations are being made by the scouts during the exposition, the method of fire by friction and packing a donkey for a mountain trip are two of the things being shown.

Leather Work Shown

Just across the aisle from Upland troops No. 1 and 3 is L. H. Cortright's Upland troop No. 4, with a wonderful display of leather work. Moccasins and other footwear were made. On corduroy trousers, the scouts sewed neat leather trimmings. On sweaters were placed leather reinforcements at the elbows. On another sweater, a leather pocket was added.

This exhibit shows to what use leather can be put and the articles were getting their share of attention this afternoon.

Carvings Are Featured

For months the Alta Loma scouts, under the direction of Arthur Bridge have been carving articles for the exhibit. Each scout carved a totem pole. Many of the troop members carved a replica of some merit badge in the scout's list of awards. Cedar boxes were carved. A complete set of furniture for a dining room was made. This is only a partial list. This troop probably has more pieces of material in its exhibit than any of the other 21 organizations.

Starting with a fence post or

some other pieces of lumber, the scouts did wonders with their expert carving ability and the result is placed together and shown as their contribution to the merit badge exposition.

Snakes Are There

Even though the Etiwanda troop is young as an organization, their part in the show is novel and their work will be strongly considered when the judges make awards tonight.

The scouts collected snakes and other reptiles. The troop chose "reptile study" as their theme and the presence of 10 snakes, including three rattlers is evidence that they were successful in portraying their subject. Other snakes in the collection include two kings and a gopher. They are alive, captured by the boys and their scoutmaster, Lawrence Mueller. This exhibit of wild life is presented in an atmosphere in which it is expected snakes and such life would be found. There is a lake, a mountain and citrus groves, and rough undeveloped country to complete the picture of the reptile study.

Four Prizes Given

The sweepstakes prize is the coveted honor, this being a silver plaque. The 22 entries are also placed in three divisions, handicraft, outdoor and vocational, with a wall plaque going to the winner of each division.

This is the first year a tent has been used. Interest in the exposition has increased and the large covering is necessary to house the entries and the interested visitors.

The Kiwanis clubs of the citrus belt are sponsoring the event. It opened this afternoon and the exhibits will be up tonight and tomorrow.

Motor Transit Puts On Bus For Groups

In response to considerable demand for special motor coach trips by various organizations, the Motor Transit company has inaugurated a special service to handle such traffic in addition to the company's regular daily scheduled service throughout Southern California, according to Clyde Whiteley, local agent for the motor stage system.

Inspection Made of Mary Brainard Tent by Officials

The meeting Tuesday night of Mary Brainard Tent, Daughters of Veterans, held in the American Legion clubhouse, was an important event, an official inspection of the tent being made by Miss Margaret Finch, department inspector.

There was a large attendance of the membership and all work of the order was exemplified for the benefit of the inspector, who expressed much satisfaction with the work and complimented the members upon the excellent condition of the tent.

As part of the business transacted, with Mrs. Mary Haddow presiding, nominations for officers were made from the floor, these nominations to carry over until the next regular meeting, when other nominations will be in order just before the election.

Howard Graves was obligated into the order and H. J. Clewett, previously obligated, also was present. Commander Alois Podrasnik of the local G. A. R. post, was present as a special guest of the tent.

Announcement was made of the meeting of the Federation of Daughters of Southern California, which will be held in Patriotic hall in Los Angeles tomorrow. The local tent will be represented.

Following the meeting Tuesday night a social hour was held and delightful refreshments were served, Mrs. Sadie Daniels being in charge.

Baby Clinic Now Held in Morning

The hours of the baby clinic which is held each Tuesday in the Upland health center on Second avenue, have been changed from afternoon to morning, being held now from 10 to 11 o'clock. This change was made for the

convenience of the attending physicians who give their time to the work. While many parents are aware of the change in time, others are not and Mrs. Lottie Fuller, city health nurse, wishes to call their attention to the new hour.

Dr. Mary Craig Williamson will be the physician in charge of the clinic Tuesday, assisted by Mrs. Fuller.

MR. WILDING PLANS BOYS' BAND NOW

Hopes Held That Many Boys Will Help Organize This Interesting Project

A Boys Band open to all boys of any age who can play an instrument, has been planned by Fred Wilding, Jr., director of the Chaffey band and orchestra.

Using the present Chaffey band as a nucleus Mr. Wilding plans to hold practices once a week. While definite plans are very incomplete as yet, Mr. Wilding has the project under consideration for over a year and if the boys respond, a unique band will be the result. Mr. Wilding has gained fame as director of the Upland Municipal band, Chaffey Little Symphony orchestra, and the San Bernardino Symphony orchestra.

A pretty girl dressed in the latest in bathing suits was sitting on the beach when a young man came up and remarked that it was a fine day.

"How dare you speak to me?" she flared up. "I don't know you from Adam."

"Well," the young man replied, "I would scarcely know you from Eve."

Geology Classes Take Field Trips

Supplementing the regular laboratory work with a field trip, the geology class, accompanied by Mr. Russell Dysart visited several quarries near Riverside. On the way to the quarries the bus stopped near Guasti, visited the sand dunes, and made field sketches.

At Crestmore the class visited the "Sky Blue" quarry, the only place where blue crystallized calcite is known to be found; the "Wet Weather" quarry which is

the deepest cut in the hill; and the new quarry, on the west side of the hill, Crestmore Hill, in which the quarries are located is a limestone formation. A long time ago an internal molten mass shoved the land up from beneath to make this formation.

Two different trips are being made in order to accommodate both Tuesday and Thursday laboratory sections. Mr. Dysart expects to accompany two more field trips in the course of the year.
